## **BLUE JEANS**

«КоСто Стоун» - эксклюзивный представитель мрамора Блю Джинс (Blue Jeans) в России. Блю Джинс - это голубой мрамор, добываемый только на одном карьере в мире. Игра природы с красками и линиями этого необычного мрамора позволяет создавать из него самые необыкновенные шедевры, подобие которых нельзя встретить ни в каком другом камне. Одно из самых удачных применений данного материала - использование его в раскладке book match в качестве стеновых панелей и панно.
